10 Little Hot Dogs by John Himmelman is an adorable book featuring a pack of mischievous Dachshunds. The story begins with one lonely Dachshund in search of a playmate. One by one, more playful pups fill the comfy armchair. Will the rambunctious bunch be able to get along and share the chair?I absolutely love the illustrations! Each Dachshund has a personality all its own. I can totally relate to the DachshundsÃ¢â€žâ¢ silly antics. I own a mini double dapple Dachshund that was born without eyes and is completely deaf. She acts just the doxies in the book!This is a wonderful story for the emergent reader that teaches counting in an easily accessible

manner. Children will fall in love with the Dachshund characters and will enjoy counting them throughout the book.

I liked this book, such cute illustrations and funny little details, like when one dachshund was hopping around in a boot. Made me chuckle, and my nephew enjoyed the book as well. He preferred another dachshund book that I ordered to this one, but a 4-year old can sometimes be choosy. I still enjoyed it.

This is an adorable book that my 4 year old wants to be read again and again. It is also one I sent actually mind reading. Great for counting and cute pictures.

I think the pictures are cute, but the book is really not easy to read on my kindle fire. Each screen shows the book laid open showing two pages at a time...which would be fine if the story lined up..but it doesn't. So, you start reading about the 8 little dogs on the right side of the page & then turn the page on the kindle to see the rest of the lines about the 8 dogs. Also, I guess I expected it to rhyme, but it doesn't & I think it reads choppy.

My grandkids still giggle when we read this book. Thanks for allowing them to be children a little longer. Good memories.

I love it and my grandkids love it. It is a cute story.

VERY CUTE STORY FOR KIDS.

A favorite book made of good quality material.
