## **Customer Reviews**

Renter/buyer beware of APEX\_Media - they do not list their conditions of the books appropriately. Return immediately if they are not exactly as expected by 's standards. I rented this book (first rental from ) and did not realize they listed the book as "good" and I wasn't aware that I should have returned it immediately if not as stated. I used the book rarely, as it stayed on my desk from point of receipt to point of returning. NOW they are saying the spine is damage and refused my return. They have charged me \$326.94 for a VERY USED book that I DID NOT DAMAGE! I can purchase it brand new from right now for \$98. I do not normally complain- however, knowing this is a horrible practice - I want others to be aware.

Decent book, purchased because I had to for a college course.

I really love this book. From the outline of each chapter to how easy of a read it is. Each chapter is

straight to the point and I love the examples given about possible cases to make me understand better. I also like how the examples of real cases are given as well. I love it.

I needed this book for my business law class, I have to say this helped me tremendously. Anyone in need of book with clear text to understand law, this is the book. Highly recommend this book, also if you can rent it you will save lots of money.

I was beginning to think I'd have to go to my first class in Business Law without a textbook. But , you came through for me again! The book came just in time, and in very good condition. I think I got a pretty good deal on it, too. Thank you!

Great to have book for class...at good price and in good condition

Here is the real meat and potatoes; it is a college textbook. It isn't the worst, it isn't the best. Hope you get a decent professor.

Just what I expected. I will use rental again!
