Country Living Salvage Style: Decorate With Vintage Finds

Synopsis

Salvage style—decorating with repurposed and vintage items like wicker furniture, cast-iron tubs, polished marble, industrial pendant lights, and even tractor seats—has become a chic way to create unique, personal rooms. By reclaiming honest materials and collectibles, large and small, all imbued with their own history, you can infuse your home with warmth, charm, and individuality. Let the experts at Country Living show you how to find and make the most of discarded treasures, such as old windows, barn doors, metal military desks, mailroom filing cabinets, factory lamps, and hand-forged iron hooks. Plus, the editors share best practices for bargain hunting and obtaining the most desirable cast-offs, such as antique beams and weathered barn wood. Stunning photos of every room, along with imaginative ideas from homeowners, will spark your creativity and give you an eye-opening perspective on the decorative potential of “trash.”

Good book at a good price. Fast shipping!

I found this book to be simple and very fresh feeling while still jam packed with ideas. I can see using many ideas shown in my own décor. Also would make a great gift or addition to one's home décor library.
