## Customer Reviews

Rex Miller is Professor Emeritus of Industrial Technology at the State University of New York College at Buffalo where he taught technical curriculums at the college level for more than 40 years. Dr. Miller authored or co-authored more than 100 texts for vocational and industrial arts programs.

Mark R. Miller is Professor of Industrial Technology and coordinator of that section of the Department of HRD & Technology at the University of Texas at Tyler. Dr. Miller teaches courses in construction for future middle managers and has authored or co-authored more than 35 technical books and many technical articles.

Short learning sections accompanied by lots of multiple choice questions that could comprise the actual test.

Very good book for AC technician

lots of good info

Geat book

great book thanks

This is a great study guide as long as you find time to sit and read it. I recommend getting this for your portable devices so you can study on the go.

it helps me

Excellent product very informative
