Customer Reviews

I like to put stickers on the envelopes of cards and letters that I send (yes, I'm one of those throwbacks that still sends snail mail!) and these are the perfect size for the upper left corner or back of an envelope. I was a little disappointed though that they weren't more colorful. While quite intricate in detail and with a variety of color, I would have liked some with the brilliant blues or yellows that I see in my yard. These are darker overall, but pretty nonetheless.

Quality and number of stickers as expected from a Dover "little book." Used most of 2 books for a game of "stick the butterfly on the flower" with a big group of kids. I drew a quick "field" of flowers

and numbered them. If a kid got the butterfly on the flower, he got a prize with that number on it. If the flowers aren't close together, more than one chance per kid may be required. At the end, we had a fun poster filled with butterflies!

These are very true "naturalistic" Butterfly stickers. Not a repeat in the book. Shipped immediately. Very nice. My only disappointment was that these have a good amount of white sticker space around the stickers when you peel them off. Not JUST the Butterfly alone. But for the price - no true "complaint".

I bought these stickers with the intent of using them to decorate envelopes, and they do the job perfectly! On each page there are many different shapes and sizes as well as many different colors. While there are many different colors, they aren't necessarily bright. One thing to note is that there is a slight white border around each sticker. But if that bothers you, it would be easy to use scissors to trim that off. Who would I recommend these to? Anyone who wants good quality stickers for a great price.

Really pretty decorative butterfly stickers. It would have been nice if they labelled the species of butterfly next to the stickers, but that's my only complaint.

It was a gift for a friend.

Beautifully butterflies. Lots of color.

Very elegant!
