Although this isn't everything you ever wanted to know about German, this book will explain sentence structure, verb conjugation, vocabulary and tenses. This book will get you through the initial process of understanding the German language, with advanced terminology and vocabulary. Download this book now!

German, It is a language that is spoken by many people who live in Europe. It is also one of the languages that you will find when looking at scientific journals. Many people believe that German is one of the hardest languages to learn. However, that is not true. When you are learning the German language, you will find that there are many similarities between English and German. Not only that, but German is a phonetic language. With this book, you are going to be learning the basics of how to speak German. With these instructions, you will learn how to pronounce German words and the different grammar rules that are required when it comes to the different verbs and their forms. Also, you are going to learn some interesting ways that you can learn the language and some programs and applications that you can use in order to help move the process of learning a new language along a little easier. Last but not least, you are going to find out how you can use German in the real world. Not only are you going to see some of the ways that German can affect one's job, but how you can use German as you are traveling. The best way that you can learn how to speak German properly is to be able to lose yourself completely inside of the culture. There are ways that this can be done, and it is discussed in the chapters of this book! It does not matter what your reasoning behind wanting to learn German is, all that matters is that you know the reason and that you are able to fulfill your goal. Hopefully, through the use of this book, you will be able to begin the journey towards fulfilling that goal! Download this book now!

Customer Reviews

Kindle Unlimited more of a how to find other things to help you learn than an actual learning book, and I know this because I know at least beginning German although have not used it for some time. The quizzes are useless because even with answers at the end of each section there is no way to keep up with what your answers were, unless you go back and forth from a piece of paper or whatever. for the multiple book German Italian French Spanish by same person there was same issues.

There are so many typos, it's horrible! I cannot recommend this to anyone. Seriously, a simple edit by a native German speaker would have caught so many of the issues. I've had a few years of German in high school and college and caught dozens of errors. Please have a German editor proof this book!

I am learning German. I bought this book last week. I found the new way to learn it. German is difficult to learn. But you will do it easy with this book.

This book is fantastic for young and old alike. The text is very comprehensive. This book is a great help for all the basic conversations and helpful for understanding how the German language works. I

would highly recommend it for people who have never tried the language before.
