Customer Reviews

This is nothing but a re-issue of a previous ripoff recipe book by the same KDP publisher. really ought to put a stop to this guy. The first one with the exact same cut, cropped and pasted recipes taken from food.com was under the fake name "Elizabeth T. Torrence". The first recipe, "Peppy Paprika Potatoes" is recipe #325703 from food.com in each of these fake books. By a strange twist of fate, the first recipe and picture in THIS fake book is also "Peppy Paprika Potatoes" recipe #325703 from food.com in this newer version of the same book with a difference fake author "Julia Kern" and a different front cover. But the salad picture is one the KDP publisher has used before with a different title. He needs to be retired by .

Recipes are easy to prepare and clearly written. Each recipe is accompanied with an attractive photo. Ingredients are mentioned clearly and clearly written measurements for the ingredients. I totally love this cooking book. I highly recommend this cookbook.

This Hungarian vegetarian recipe book is amazing. The main reason I really like it is because the dishes are easy to prepare and very easy to understand. Plus the photos of the recipe's final product are attractive and delicious. Not only do the pictures make the recipes delicious, in fact it is that the recipes are super tasty and mouthwatering. Ingredients are very clearly written and there is

no confusion about the recipes. Worthy of 5 stars and more. I definitely recommend it.

I love this cookbook. First of all, it has very captivating photos of the final prepared recipes. Secondly, the collection of top 30 recipes is amazing, mouthwatering and super-tasty. Directions are very easy to follow and ingredients are written very clearly. My family loves some of these recipes. I highly recommend this cookbook for nutritious and delicious cooking

This is a cookbook I am going to enjoy because it is a cookbook that I have never cooked the recipes inside or even eaten Hungarian. At least not to my knowledge. So, I am recommending you to try it and see what you think and how you will prepare these recipes. P. Sheets Cacciolfi
