Customer Reviews

"Designated a Doody's Core Title! ""This is an excellent resource that is essential for all primary care providers."" Score: 100, 5 Stars.--Doody's Medical Reviews ""This book is highly recommended; it will be an indispensable addition to the professional library of every nurse practitioner who manages patients with chronic, persistent pain."" " Margaret H. Granitto, RN, MSN, CRNP Georgetown University School of Nursing and Health Studies Presented in a clear, systematic format, this clinically oriented book provides nurses and physicians with quick access to much-needed pain management guidelines. With a unique focus on treatment options for patients with chronic persistent pain, this guide provides critical guidance on managing difficult conditions such as fibromyalgia and neuropathic pain. The text expertly assists practitioners in assessing pain in a variety of patient populations and provides professional insight on selecting patient-appropriate medications and interventions to achieve optimal pain management for adult patients. Key Features: Contains the newest guidelines on how to use a combination of pain screening tools to accurately assess the nature, intensity, and occurrence of patient pain Provides information on new medications and combinations of medications to use for chronic pain Presents essential information on safe prescribing and screening tools such as the Opioid Risk Tool (ORT) and screening tools for

aberrant behaviors Provides strategies for utilizing nontraditional treatment options such as acupuncture, energy therapies, and psychological and coping strategies "

Yvonne D'Arcy, MS, CRNP, CNS, is the Pain Management and Palliative Care Nurse Practitioner at Suburban Hospital- Johns Hopkins Medicine in Bethesda, Maryland. She has served on the board of directors for the American Society of Pain Management Nurses and has played an integral role in the formulation of several guidelines on the management of acute and chronic pain. She is a Principle Investigator at Suburban Hospital for several studies to include the use of EMLA to reduce pain in elderly patients when IVs are placed. and the Dissemination and Implementation of Evidence-based methods to Measure and Improve Pain Outcomes. Ms. D'Arcy is also the recipient of the Nursing Spectrum Nursing Excellence Award in the Washington DC, Maryland, and Virginia districts for Advancing and Leading the Profession. She has contributed to numerous books and journals throughout her career. Books include Pain Management: Evidence-Based Tools and Techniques for Nursing Professionals, Compact Clinical Guide to Chronic Pain, and
