## Synopsis

Ever heard the story of a Minecraft Legend Hunter? Steve is an ordinary guy. An average miner. Then one day, he wakes to find his trees bare, the leaves stolen right out from under his nose. He jumps to a wild conclusion; that Herobrine, a legend, a story, visited him. When his best friend says he's crazy, Steve decides to go on a quest. But hunting a legend is more difficult than it sounds. Impossibly, Steve finds his legend, only to learn that Herobrine is not the villain everyone says he is. I have a son who is really into minecraft. He plays it in a group at school, he plays it at home, he is all about minecraft. So when I saw this Diary of a Minecraft Legend Hunter by Tomb of Tales I knew that he would love it and it would get him off the game and reading. I had this book sent straight to his kindle, and when he started reading it he couldn't put it down. It took him 2 days to read it, but he had school, he loves it. He told me that he loves that the chapters are short, makes him feel like he reading a ton. He also told me that the titles being the days makes it much

easier to follow. I am so happy that I found something that he enjoys that doesn't require him to be playing video games. Truly an amazing book. My sons words - "This book rocks, when I can I get more?" So if you have a kid that likes minecraft I am sure that they would love this book!! I received this product at a free or discounted price for my honest and unbiased review.

I have read most of the Minecraft books here on but this is definitely one of the best I have ever read! The story is awesome and I'm so excited to get more from this stuff :)
