Customer Reviews

Its actually a good bookWorth getting for the pictures I thinkBear in mind this is for kids. It brings up a lot of stuff though (the Technicolour Dream, the early footage of the group on Granada tv, etc) that I was really amazed byCovers the early days up to Saucerful, including the singles, and talks a little about the Wall and Dark Side, and the band getting back together at Live 8A mention of Syd passingAgain - this is for a kid - its a good intro to the band though, believe it or not! Its a short book. Excellent pictures of Syd and the later Floyd though. Not as bad as feared! And an excellent bibliography of books and dvds (St Tropez - 1970? thats a new one on me!)
