Private Security And The Investigative Process, Third Edition

Synopsis

Detailing best practices and trade secrets for private sector security investigations, *Private Security and the Investigative Process, Third Edition* provides complete coverage of the investigative process. Fully updated, this edition covers emerging technology, revised legal and practical considerations for conducting interviews, and new information on case evaluation. Written by a recognized expert in security, criminal justice, ethics, and the law with over three decades of experience, the updated edition of this popular text covers concepts and techniques that can be applied to a variety of investigations including fraud, insurance, private, and criminal. It details the collection and preservation of evidence, the handling of witnesses, surveillance techniques, background investigations, and report writing. This new edition includes:

- More than 80 new or updated forms, checklists, charts, and illustrations
- Updated proprietary information from Pinkerton, Wackenhut, and other leading security companies
- Increased emphasis on software and technological support products
- A closer examination of periodical literature and government publications

Authoritative, yet accessible, this book is an important reference for private investigators and security professionals. Complete with numerous forms, checklists, and web exercises, it provides the tools and understanding required to conduct investigations that are professional, ethical, and effective.

Charles P. Nemeth JD, Ph.D, LL.M, Chair and Professor of Legal Studies, Homeland Security and Criminal Justice, California University of Pennsylvania, California, Pennsylvania, USA

The best books! Recommendations. In addition, the understanding of topics. The right choice, and satisfaction! Very Good!!!! \(^_^)/ by @Security_Kr

I am a Law Enforcement student who chose to use this book to supplement my textbooks in areas that lacked or were confusing. This book breaks things down in a very easy to grasp way for me. Personally I enjoy having it and look for others in the genre, they are great reference books for my future career.
