Customer Reviews

Got this as a gift for a 9-year old who doesn't like to read, but loves baseball (and likes to know more than everyone else). Within a week, he read the whole book and now it is his go-to book before bed. Quick articles with illustrations.

Another present for my grandson to give him some recreational reading. He loves baseball. He

visited the Baseball Hall of Fame this summer so many of the items reinforced the visit. He loves the book.

My Grandson loved this book. It was purchased as a Christmas gift. He immediately started reading it and asking questions from everyone in the room to see if they knew the answers. It was definitely a great purchase. He is 8 years old.

Wonderful, fun, but educational book for all ages, especially teens who are hard to buy for without electronics. Can't imagine anyone not enjoying learning details of people we all have heard of.

Got it for my grandson's 9th birthday present. He says it's awesome!

I purchased this at Christmas for our 6 year old who is a sports fanatic. He was just learning to read bigger words. This is perfect for him. Excellent pictures, stats & variety of players.

Perfect for my 4 year old boy who looked at the pictures and learned the names -- but also got it as a present for a 7 year old who loved reading it.

WOW! This is one fantastic book for kids! This book is filled with so much information for kid sports enthusiasts! It contains stats and facts about the world's greatest athletes, both present and past. The images are fun to look at and the stories are entertaining, and interesting. I highly recommend it for anyone with kids who love sports!
