Nursing Theories: A Framework For Professional Practice

Synopsis

Nursing Theories: A Framework for Professional Practice, Second Edition covers the work of those who have been central to nursing theory for decades as well as many newer theorists. The text draws content from topics such as philosophy, conceptual models and the middle range theories of nursing. The Second Edition features additional practice level or middle range theories with supporting diagrams that illustrate the use the nursing process in the context of the specific theory. Each chapter will also feature call out boxes describing the literature of the theory and its use in nursing practice. Updates to the Second Edition: New chapter on Transitions Theory New coverage on Postpartum Depression New information on Uncertainty in Illness Theory Illustrations in each theory chapter demonstrate how theory relates to the nursing process Current examples found in each chapter tied to updated research

Customer Reviews

user-friendly format. easy to find the information needed.

Needed for class. Not reader friendly though.

Wonderful. Already used it numerous times.

This worked great for my nursing EBP class. Definitely love how you can highlight and make notes

within the kindle text.

This book met class requirements.

Arrived as promised and intact.

Great service; book a great resource for writing papers

Very pleased how new it is
