This is just what I wanted and needed!

like

This is a large format-coloring book with highly detailed pages. There are color images of each of the coloring book pages for reference within the coloring book.Little ones may not have the hand-eye coordination and fine motor skills for these pages and may become frustrated. I tried using them for one of my kindergarten classes and they became quite frustrated very quickly. For children over the age of 7, (depending on the child of course), these would be a wonderful resource for bringing art history to a child's life.
