Customer Reviews

I remember checking this book out from my church library some years ago, and was fascinated by the questions and answers provided in here to some of life's most nagging questions. While not all of the answers are as definitive as others, it was nice to have a book like this. It makes for quite an easy and engaging read, and is something that you can return to again and again.

This little book solves so many of your Christmas gift dilemmas. It's fun and interesting and informative all wrapped up in an easily mailed package. What more could you want. It's for all ages.

This was a Christmas gift and the person that received it said it was great! Very interesting and informative with odd facts and other items of trivia.

imponderables! The questions you always wanted to ask, but were too afraid to do so. Gives new meaning to the term, 'Upon further review'...Very enjoyable publication...buy them one at a time and savor them

This is one of several Imponderables I purchased because of an activity we did at school. These are

answers to those quirky questions we have always wondered about but never went in search of an answer. This can be used in multiple ways in a classroom or at a party or just for fun reading.

Kind of silly ,but fun

Some interesting facts with humor to consider.

Our granddaughter was thrilled to receive this book for Christmas. She is very inquisitive and she loves to read. She especially likes to be able to have the answer to odd little questions people sometimes ask. At nine years of age she just likes to KNOW! It was a great choice for us.
