This is the Washington Post's competition with the Times book, above. It costs less, but readers get less. While the Times book is a keeper for the ages, this one has a cheesier look to its graphics and no contribution from the newspaper's considerable experts similar to what the Times offers in its volume. Apart from five pages by David Maraniss after an all-too-brief foreword by Ben Bradlee, there is little text here other than photo captions. A disappointment. © 2009 by Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.

Thorough and well written. I am happy to have purchased this book for 78 cents plus 3.99 shipping many months ago!

If You want to see what all took place on that great historical day. Who was there" What clothes they wore" What were the parades like" How big was the crowd " lots of pictures of the first lady and the new president" Military and secret service attendance" Pictures of the inauguration ceremony" The party's after the inauguration" The two girls Sasha & Malia Obama. It's all here in vibrant and beautiful color , for you to treasure for all time. Buy it ; it is full & complete.

Very interesting read...

I wanted a close-up picture of Aretha Franklin and other individual people on the podium/stage at the Inauguration in 2009. The pictures were beautiful and interesting surrounding various aspects of the Inaugural events; but there was no picture of Aretha Franklin and her hat, which only lives on in my memory - not in this book.

Must have for a keepsake I love it

Perfect gift for friends and relatives
