The Experience Of Nothingness: Sri Nisargadatta Maharaj's Talks On Realizing The Infinite

Synopsis

With this, the final volume of a trilogy, Nisargadatta clearly demonstrates that logic and spirituality do not necessarily stand in opposition to one another. In a chapter after which this book has been titled, Nisargadatta relentlessly pursues a logical argument with his visitor to its very end, showing that until there is transcendence of all thought, logic remains fully valid and should be pursued rigorously.

Sri Nisargadatta Maharaj (1897-1981), a revered master of the Tantric Nath lineage, is an inspiring example of an ordinary family man who attained complete realization of the Infinite. His words carry a rare potency that can jolt the listener or reader into a profound sense of awareness, which at the same time signifies true freedom -- the freedom from all fear and mental suffering. In this, the final volume of a trilogy published by Blue Dove Press, Nisargadatta clearly demonstrates that logic and spirituality do not necessarily stand in opposition to one another. In a chapter after which this book has been titled, Nisargadatta relentlessly pursues a logical argument with his visitor to its very end, showing that until there is transcendence of all thought, logic remains fully valid and should be pursued rigorously.

Nisargadatta Maharaj, born Maruti Shivrampant Kambli, was an Indian Guru of nondualism, belonging to the Inchagiri Sampradaya, a lineage of teachers from the Navnath Sampradaya and

Lingayat Shaivism. Robert Powell (editor) was born in Amsterdam, the Netherlands, in 1918. After obtaining his doctorate in chemistry from London University, he pursued a career first as an industrial chemist and later as a science writer and editor in Britain and the United States. Robert Powell's personal exploration of spirituality began in the 1960s, and his quest for self-discovery led him to Zen and a number of spiritual masters including J. Krishnamurti and Ramana Maharshi. His own spiritual awakening coincided with his discovery of the teachings of Nisargadatta Maharaj. He is the editor of a Nisargadatta trilogy, and the author of a number of books on what he describes as "human consciousness transformation." Powell now lives a busy life in La Jolla, California, with his loving wife, Gina.

One of the best books about Self-Realization! If you are a seeker this book should be in your library and reading list.

Sri Nisargadatta Maharaj's Talks on Realizing the Infinite is one of his last discourses. Here he elaborates on the experience of nothingness (the absolute) as the final goal of spiritual work. He is truly one of the greatest masters of the yoga of wisdom. Highly recommended to advanced seekers.

This enlightened teacher was a fascinating person, to say the least. I read at least three books of his teachings. I found them pleasantly thought-provoking and helpful to me on my journey.

A clear transmission of the truth

An Intense book to read but worth the purchase.

Yet here I go verbally sharing my delight in this book. I love all the Nisargadatta translations, and this one is no exception. Peace and simplicity within ~ ah! Words are great pointers, and mine point toward this book as a great potential transformer of Life! Enjoy!
