I bought this for my sister when I asked her to be my maid of honor, and I'm really not impressed with the book. It's mostly common sense and doesn't have any real information about traditions or what the MOH is responsible for. Cute book, but really not helpful. I bought the Bridesmaids Handbook (by the Knot) for my other girls and it is SO much better, with useful tools and practical information on how to help the bride and what their responsibilities should be. It also has great info specifically for the MOH so I ended up getting another copy for my sister.

Daughter love this!Fast shipping thanks!

This is the second book I've read on bridesmaid/MOH duties. Some of this seems excessive but overall has given me a better idea with my roles and responsibilities.

Got this book since I'm the maid of honor in a wedding and I couldn't be happier. It gives great tips and ideas!

A detailed book, but not completely accurate, and it seemed partial to a certain race. Might be helpful to someone who is completely oblivious about being a maid of honor.

The box came but the book was torn and had water damage. I threw the item away. By no means is that what I expected to get to give to my maid of honor!!

Its a good book and has good information, but basically everything in it can be found online. So why spend the money?

Great gift for the maid of honor. Tons of information on her role as maid of honor
