This is the conclusion to the story of Cadence and Barrick. Cade still has her emotions and life in turmoil but she comes to terms with knowing this is the place she is to be and that home is on Gran's farm and the people who love each other. Cade grows and matures, but she also has a few setbacks. Barrick is there for her and Jade remains a friend through it all. As with life Cade experiences more life than she expected, some of love and others of loss. She continues to dance and go to school. Barrick continues to be there for Cade and they continue to get closer to each other. There is so much to the ending of the story and for that you will have to read the books.

I enjoyed this as much as the first! Loved how it carried on the story without dragging it out or making it repetitive or boring. I would recommend Tutus & Cowboy Boots to anyone who wanted a new uncliched love storing! The characters that Casey Peeler has developed are so believable yet intriguing. You can't help but fall in love with every single one of them!! The book left me wanting more!!! I really hope there will be a Part 3 for the series!

Watching Cadence grow has been so much fun. Gran is the best. And Barrick is a southern gentleman through and through. Great characters, great flow. Highly recommended.

This book was just as good as the first one. Being up rooted, especially by divorce is so hard for children. Especially teenagers starting their senior year. Very insightful story. Well written.

My 15 year old loved it.

I enjoyed reading this story, parts one and two. Again the author has chosen to right her story around a all to common situation now days, where a girl finds her parents Separating. How her new life goes on is the story. The author has done a wonderful job of telling the story.

I love this book! I am a dancer so I completely understand how dancing through your feelings helps when life hits you hard and when it's good too! Love the southern charm and the characters!

This book shows how a teenage girl can grow and mature within a year. As a person from a small southern town this book captures a lot of reality in a small town. Its a great ending to this story.
