I loved this book! And Countess Drusilla Steele gave it 5 fangs as well. I'm not normally a fan of short stories, I tend to be just getting into them when they end. Drives me nuts. However, I will read anything and everything I can about the Morganville Vampires and the humans they tolerate. Some of these stories I had read before, but others were completely new to me. All were an absolute delight to read. I'm very glad that Shane seemed to be having some minor issues in adjusting to married life as I struggle to think of him and Claire as married too. But I guess when you live in a town of Vampires you grow up quick. The biggest joy of this book? The promise that there will be more Morganville stories to come. happening to writers before they can finish books. I'm a little concerned about how Michael is evolving, he's beginning to keep too many secrets. Oh and Lady Grey and Myrnin? God help me, I'm even keen to see what happens to Monica. If you're a fan of this series, you must get this book immediately. If you're not a fan, you must also get this book

immediately so that you can find out what you've been missing

Being a big fan of the series I am shocked at myself for not knowing this book existed. Big fan BUT big fan with time constraints. I do NOT visit her website where these stories apparently have been hidden. For that I am sad AND grateful. See, I get a new Morganville book. Not only a new book BUT a Morganville History book. This is beautiful. For that I am so grateful you don't even know. I know she doesn't read this stuff but her fans do. If anyone is close to her let her know I said Thank you. Also if anyone in the know reads this PLEASE let me know if there is another collection I may have missed. Thank you guys. (FYI I am a 47 soon to be 48 year old guy who likes to read)

I didn't realize how much I missed the world of Morganville. The stories were fun and, I thought, a bit higher on the creepy scale than the novels. I was very happy to read Ms. Caine's comments about ideas for future stories, continuing to develop characters, etc. More to look forward to! The Myrnin stories were my favorite with the carnival story featuring Eve and Michael in the top four for me as well. I think the hotel story was my very favorite! I would love a story about the Glass house--perhaps confounding the occupants and readers with antics that make sense in the end.

Very much enjoyed reading this collection of short stories from The Morganville Vampire series. Although this is YA, I still find the stories highly entertaining, with plenty of action, emotion, and humor to keep me turning the pages. I don't recommend reading this until you've finished the full series, as there are too many spoilers if you read this first, but what a great follow up to the series! :)

I love this series. I am just having trouble distinguishing what is next book in series

First chapter was way too short especially because I liked the character but then they pick up and as usual Rachel Caine writes the best stories about vampires. They don't sparkle they lead normal lives but then there is the tendency to rule over humans. Funny, great characters, great stories, I hope she writes more.

It was nice returning to Morganville. Some of the stories I had read before but a lot of them I hadn't. I really enjoyed the ones with Claire, Shane, or Myrnin. Some of the stories I was actually bored with but for the most, it was a nice read.

Gosh I'm so excited to return to my favorite crazy town! I love this series & I loved this book of short stories. It was really cool to get a chance to read from a different POV especially Myrnin's... I hope that Rachel Caine writes more Morganville books!
