Kauai Travel Guide: Experience The Best Places To Eat, Drink, Stay, Explore, And Discover In Kauai, Hawaii

Synopsis

If you're heading to Kauai and want a comprehensive list of all the best places to eat, drink, stay, explore, and discover| then this book is for you! Today only, get this incredibly useful guide for only \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. From a geological standpoint, Kauai is the oldest of Hawaii's main islands, which probably explains why they had a head start in making it right. There's a reason they call this the "Garden Isle" and the "Island of Discovery." It's just that beautiful! Despite its spectacular scenery, Kauai is not the most populated of Hawaii's islands, with only about 69,512 people as of 2013's census figures. Some suggest that there are actually more wild chickens than people, a breed brought over by the earliest Polynesian settlers which have thrived because they have few natural predators. This does not mean that there's nothing to do on the island besides eating chicken, though. Far from it. This travel guide ebook will fill you in on the best places to stay, eat, drink, explore, and discover. Here Is A Preview Of What You'll Learn... Best Times to Visit Accommodations on a Budget Tips to Save on Food and Drink Affordable Dining Options Kauai's Best Beaches Must-See Discovery Spots Historic Discovery Spots A Few Extra Pointers Much, much more! Customer Reviews

The title is almost as long as the whole book. What a waste of money. Read this completely in under an hour, and there was NO special information or really any useful info that wasn't easily found at the basic Kauai tourism sites. If I could have given this zero stars, I would have. Please don't waste your money on this. Instead, buy "The Ultimate Kauai Guidebook, Kauai Revealed" from Wizard Publications (also available on [Amazon](#)). That book was AMAZING and super helpful, and written in a very conversational tone, with awesome maps and advice from REAL Kauai locals.

Everyone who decides to visit Kauai should definitely get this book! It tells you exactly when you should visit, because the weather varies and some holidays can double the price of hotels. You will also learn where to get yourself a bite to eat, with detailed overview of each place, what is the restaurants specialty as well as price range, so you will not find yourself in a expensive restaurant while on a budget! Next thing you would definitely want to know is where to go and relax, right? Well, chapter 5 is a place for you! With many beaches on both sides of the island - short details accompanying each beach - you can choose what suits you the best. A surfer? Visit a Kekeha Beach Park! Family with children? Visit the Lydgate Beach Park. The book also provides short and to the point information about discovery spots, that are recommended to visit. And lastly, there are some pointers about things you should know. All in all, recommended!

I really appreciate this guidebook. While the internet is always a useful tool for trip planning, it has nothing on a good, well-researched, and well written guidebook. This was a great guide book for Kauai. It had all of the hidden secrets and was very easy to use. I must get it if you are going to Kauai.

This travel guide lays out the best times to visit in each season and lists why you should avoid certain times. Also mentions why you shouldn't visit during the holidays, that said a visit to the island isn't a 'budget' trip. That being said it does reference some more affordable places to book. You can expect to pay more for things because of 5 factors: 1.) shipping 2.) Bulk purchases by merchants (because of shipping) 3.) Real Estate is pricy due to it being limited 4.) Cost of electricity is more, like

almost .50 cents more per KWH5.) There is a tax of 4% (Excise taxes are taxes paid when purchases are made on a specific good, such as gasoline) Along with the BNB's listed it also gives you a list of restaurants to visit; as well as top places to visit. This guide is a must read for anyone thinking about visiting!

This book introduces you the wonders of Kauai. It is a very helpful and detailed guide that touches on the best things about Kauai, it provides tips such as the best time to visit, the things you see and do, where to eat, sleep and shop, where to find cheap restaurants and food centers, tourists attractions and historical discovery pots.

Not worth the reduced price of \$2.99.

I have never been to Kauai though... just not yet. I got this book because I'm checking out this early the places where I can go to when summer comes, and Kauai just looked perfect. The book has made a lovely introduction and description about the place that I'm now itching to check it out. It offered practical advice and information, and all the things that you would need to make the most out of your visit to the place. I will also bring this book with me when I go there for quick reference. Very nice indeed.

Kauai is the oldest of Hawaii's main islands, that is reason why we call this is Island of discovery, it's so beautiful. You should go there in spring, this is one of best time to visit Kauai, it's cooler. I love the book guideline, it help me make plan to there at perfect time and what I need to prepare such as budget, food and drink, beach to go
Great book.
