Experiencing Choral Music: Sight-Singing, Intermediate, Grades 7-9

Is this really a hardcover edition? I have one, typed in the ISBN and this is what came up. It's a nice, thick paper cover, but not a hardcover. I've used this series with students and found it to be very well-written. I didn't use a lot of pages out of the sight-singing book, but it's a good reference. The series is a good way to teach art, music, history, vocabulary, culture....not just sing pop songs.
