# Questions For Couples: 469 Thought-Provoking Conversation Starters For Connecting, Building Trust, And Rekindling Intimacy

## Synopsis

Questions for Couples: 469 Thought-Provoking Conversation Starters for Connecting, Building Trust, and Rekindling Intimacy Do you find it difficult coming up with thought-provoking conversation starters or topics to discuss with your partner? Do you want to discover insightful questions that can lead to having deeper, exciting, and more meaningful conversations as a couple? Don't have much to talk about except the day-to-day life activities? If you answered yes to any of these questions, you're not alone. We all want to have better, more substantial and engaging conversations everyday with our significant other. However, knowing where to start or the right questions to ask can be a challenge when things become routine. That's why we wrote Questions for Couples. We have used these open-ended questions to get to know each other more deeply, have better conversations, and improve our relationship. We believe these questions will do the same for your relationship too. In Questions for Couples, you will discover: 1. 469 Thought-provoking conversation starters for connecting, building trust, and rekindling intimacy in your relationship. 2. Fun, engaging, and open-ended questions that will lead to some of the best conversations you have had in a while with your partner, bring you closer, and really get you learning about each other. 3. Creative conversation starters for communicating and expressing your feelings, needs, and desires. 4. Refreshing questions you can discuss with each other on a weekly basis to help you grow your relationship, as well as personal development. 5. Thought-provoking questions that will help you talk about things you might never think of on your own, which is especially helpful if you are looking for something new to talk about. 6. Inspiring conversation starters for setting yearly goals as a couple, so you can grow together while achieving them. 7. Exciting sex questions that will get you talking and sharing your sexual desires, so you can have better and more satisfying sex. And much more. You can have great conversations when you know what questions to ask. You just need the right questions. Open-ended questions that will spark deeper conversations, so you can discover and learn more about yourself, and your partner. Whether you are dating, in a committed relationship, engaged, married, or in a long-distance relationship, this book is for you. Questions for Couples will get you talking for hours, even if you have very little to talk about. Plus because it's pocket sized, it's easy to take everywhere. ## Customer Reviews

"I've read the book, and wow what an enlightening process to follow with your partner. I recommend you go through it, and enjoy the end result!"-- Corey Hinde, New Zealand. Questions For "Couples" is more like Questions For ALL. The questions in this travel size book are meant for couples but are very much thought provoking for all. I found myself reading a set of questions a day and not moving on until I thought of every possible answer that was true to my self. It's a great read for a confused or immobile phase. Marcus & Ashley, I commend you for this one.-- Stephanie (Reader, Goodreads.com )

I like the questions. I appreciate this book.

This is a wonderful book for anyone from newlyweds to those who have been married many years. After reading some of the questions, my husband and I realized that we didn't know some things about the other that we really should have. There have been evenings where we expected to go through at least a handful of questions, but after one question, we got into such a deep conversation and carried away, that we only did the one! Even if you think you know a lot about your partner, I still suggest you try this book. You will be surprised... Thank you to the authors for giving me a free copy to enjoy!

The concept of this book is great -- sometimes couples do need a jump start to get conversation going. There are certainly a lot of questions and there is quite a bit of variety. Questions like:-- What do you like about the town we live in?-- What are the top values you want to teach our kids?-- Where do you think my priorities are?I did think there was a disproportionate number of questions

about sexuality and sex. Some were a little strange and certainly something I wouldn't want to talk about just running through the questions in a book. I can see this being a good resource for newly weds, but many of the questions were things we already knew about each other (we've been married 11 years) or just seemed too vague to be answered on the spot (i.e. What is the hardest truth you've had to accept? or What barriers are between you and true happiness?). A good book to have in the car for long trips, but I don't know if I would give it as a gift.

Thanks to the authors for reaching out and sending the book to me. All opinions are my own. My mister and I recently took a small road trip and I thought it was a perfect idea to bring this along to fuel conversation. I loved the variety of questions, both easy and hard, and even the follow up questions w some of them. One thing I didn't appreciate was the explicit sexual questions or the questions dealing w infidelity. I think you can talk about trust, faithfulness, and sex without going into specifics. Almost...let's watch soft porn together and tell me what you like or dislike. The questions make it easy for your mind to go to places you might never have gone. I do like the questions for the most part though and think they could be asked at different periods in your marriage and invite different answers.

Thanks to the author for providing me with a copy of this book for review! This is a book that I would definitely purchase as a bridal shower or wedding gift. I just recently started reading the questions and very much look forward to working through this book with my husband of 12 years! There are "easy" questions such as "What is one city, state, country you'd like to visit?" and MUCH harder questions such as the ones involving infidelity. Some of these questions could be approached during a quick minute together, and some would be better approached when you have plenty of time to sit down and dedicate your full attention to the answers. In a time when life is incredibly busy, dedicating time to exploring intimacy with your spouse or partner is very important. This book can help.

Questions for Couples is exactly this: A list of questions. After 8 years of marriage and 2 young kids our conversations are often interrupted and feel scattered. Even on date nights, it takes some time to get to quality conversation-mode. I appreciate Marcus & Ashley Kusi's questions. They range from check-ins to sex life to future goals. We're taking a week-long trip this summer, just the two of us and I can't wait to really dive into these check ins and form the habit of asking intentional questions. \*\*I received a copy of this book from the authors in exchange for my honest opinion.\*\*

Marcus and Ashley, well done. Thank you for putting these questions together. I found them useful not only in a couple setting, but also when travelling with a colleague or a friend. These are great starters and very thought provoking, promote a dialogue and discussion. General type questions can also serve as an ice breaker for the session and meet & greet activities.

I received this book from a friend for an anniversary trip I am taking with my husband this summer. I had ironically been talking about wanting a book with questions for couples to discuss to take on our trip. It can get difficult to connect with your spouse in the business of raising children, work, and church commitments. I look forward to discussing these with my spouse and also really enjoy the weekly questions. They are better than just the typical "how was your day?" Creative questions overall!
