The #1 New York Times bestselling novel *Divergent* is now a major motion picture! Experience the making of the *Divergent* movie in this lush, oversize volume featuring more than a hundred and fifty full-color photos from the film, including many that have never been seen before. Also featured are illuminating interviews with author Veronica Roth, actors Shailene Woodley, Theo James, Miles Teller, director Neil Burger, co-screenwriter Evan Daugherty, and more. Discover what inspired Veronica Roth's book *Divergent*, and follow its journey from national bestseller to a spectacular action-packed film that simmers with tension, suspense, and romance. Bringing to life the cinematic world of *Divergent* required the vision of producers, writers, directors, actors—and countless behind-the-scenes talent who transformed the pages of a book into a remarkable visual experience. These collaborators breathed life into every detail of this dystopian world—creating not only the Dauntless Pit, the Erudite Headquarters, and the Abnegation village but most of all its extraordinary inhabitants. Costume designers' sketches and 3D concept art are just some of the

visual treats in this insider's look at the making of the film. The Divergent Official Illustrated Movie Companion is essential for every fan of the Divergent trilogy.

KATE EGAN wrote the Hunger Games and Catching Fire Movie Companions. She is also a freelance editor at Scholastic, where she edited Suzanne Collins.

i enjoy reading about the back stories and filming of movies and while the content itself was fine and well-written, this book didn't have enough detail. I was hoping for something similar to the books written about the Twilight movies, which discussed stunts, green screen, other special effects, and the writing of the screenplay. I would have liked to know why the screenwriter made changes in the story, how sets were designed and built. I was disappointed.

What an amazing book!! Great photos from DIVERGENT!! It has great movie information, amazing photos, and more!! Thank you for still having this book!! I would recommend this to any Divergent fan!! It came on time!! Love it!!

Content: includes casting decisions, from book to play, involves author's participation in making of the movie, how they shot green screen, different locations and how they were integrated into one "place" in the movie, brief description of fighting sequence, stunt doubles, some pictures, One full page picture of Theo James (Four) getting his back tattoo painted on, My fav: train sequence (run on the train, jump off the train) and Tris jumping off the ledge I wish they had more on it. Only complaint is book started falling apart at the binding towards the back. This movie guide isn't as quality-focused as the ones that were made for the Twilight Saga. Less glossy, weaker binding.

Arrived quickly & the pictures are colorful. This is a great book by teen will love for her birthday! Thanks for getting it here quickly, too.

I love this movie more than Twilight & I love the storyline to this movie & am looking forward to reading the book series. I also love the actors & actresses in Divergent. I hope that there will be a movie companion for Insurgent also.

I was soft of disappointed with this book. I have the Illustrated Movie Companions for a couple of the Twilight Saga movies and this one pales by comparison. There aren't a lot of behind the scenes

photos as I anticipated.

Book exactly as described, no marks, tears or rips. No damage in transit. This item is exactly what I wanted and I would recommend it to anyone studying or interested in film or acting. It describes the work that goes into filming, organise sets, scenes and how the actors integrated their skills.

This book was very reasonably priced and worth the money! I purchased it used and it was in great condition. It has a ton of behind the scene pictures and interesting interviews and information. If you loved the movie, you will love this book!
