LIVING THE GOOD LIFE

Synopsis

We own all of the books the Nearings wrote and this one is a gem. There are those who may think that what they did and wrote about from the 50's to the 70's has no bearings on today's world (2003) but nothing could be further from the truth. Their wisdom on building a stone home, organic garden, composting, and simply realizing that one doesn't need as much materialism as one may think is timeless. The book is out of print but you can buy used copies here on .com and I urge you to buy a copy if you have the slightest interest in simple living, frugality, inner peace and tranquility, preventative health issues, healthy eating, a positive mindset to age one hundred or energy conservation.
