## Customer Reviews

The Larousse editorial team includes many language and reference experts based in countries around the world. In this way the linguistic team keeps its finger on the pulse of living languages as spoken by the native language speakers of these countries.

I am an intermediate Spanish student and have found this dictionary to be very helpful. I also have "Larousse Diccionario de la Lengua EspaÃƒÆ'Ã ola Essencial", but occasionally have to also look up words in the definition - and eventually this can cascade so I end up using a Spanish-English dictionary. This uses simpler words in the definitions and also includes sentences using the word so it is easier to see the context. If you are serious enough about your Spanish study to want to look up definitions in Spanish, I would recommend this dictionary.

OK
