Roger Casement : The Biography Of A Patriot Who Lived For England, Died For Ireland

Synopsis

Born in Dublin in 1864 and brought up as a Protestant, Roger Casement began his extraordinary career as one of Stanley's volunteers in the Congo Free State. During his time in Africa, he exposed King Leopold II's exploitation of the natives and went on to reveal the ruthlessness of the British in South America, for which he received a knighthood. In Germany after the outbreak of World War I, he claimed Ireland's right to independent nationhood; he returned to Ireland in 1916, was captured, taken to London, tried, and hanged as a traitor. To further discredit him, the British government released what purported to be his diaries, which contained details of promiscuous homosexual activities. In this absorbing study, first published in 1973, Brian Inglis explores the contradictions--political, religious, and personal--of a man whose life posed questions that continue to be asked today. --This text refers to an out of print or unavailable edition of this title.

Book Information

Hardcover: 448 pages

Publisher: Harcourt Jovanovich; [1st American ed.] edition (1974)

Language: English

ISBN-10: 0151783276

ISBN-13: 978-0151783274

Package Dimensions: 9.3 x 6.2 x 1.5 inches

Shipping Weight: 1.9 pounds

Brian Inglis was an historian and broadcaster. He is the author of 'The Story of Ireland' and 'The History of Medicine', and for over ten years wrote and presented 'All Our Yesterdays'. --This text refers to an out of print or unavailable edition of this title.

This is an excellent biography of Roger Casement, an invariably decent man. He was an Irish patriot although he served England for most of his life. Only in his last years did he turn his back on England and take up the struggle for Irish independence. But his grueling service in Africa had weakened his constitution and he was no longer entirely responsible for his decisions and actions. He was betrayed by someone he trusted and was captured during an ill-fated attempt to run guns from war-time Germany for Irish resisters of British rule. At trial, the Prosecution persuaded the jury to condemn him to death by revealing the libidinous details of his diary. It was his homosexual obsession with teenagers that placed the noose about his neck. Here Casement's terrible fate is related in all its pathos. This is a truly commendable biography, both in substance and style and I recommend it highly.
