Customer Reviews

Professor and Chairman Emeritus, Department of Dermatology, The University of Vienna Medical School, Vienna General Hospital, Vienna, Austria.

Very nice flash cards. The paper they are printed on is quite thin. I was worried they would not last long as I will probably let my students pass them around as I lecture, so I am in the process of laminating them to keep them protected. I will not be able to put them back into the box, but I will probably just put them on a ring for easy access in class.

100% satisfied! I would buy this again.

Great reference book.

Excellent. Has great descriptionsite on the back. Worked very well for my FNP assessment class.

Excellent resource for dermatology and primary care health care providers! Perfect for students too.
Money well spent.

Good review material for dermatology especially if you do not have opportunity to see much dermatology in your rotation.

Lots of good reviews of various skin diseases.

Nice & concise
