The Fate Of Ten (Lorien Legacies)

Synopsis

The sixth and penultimate book of the #1 New York Times bestselling I Am Number Four series! For years the Garde have fought the Mogadorians in secret, but now the invasion has begun. John is on the front lines in New York City. The odds are against him, but his best friend, Sam, has just inexplicably developed a Legacy—and he isn't the only one. As the pair tracks down Five and Nine amidst the chaos, they meet another teen with powers. But is she a friend or foe? Meanwhile, Six, Marina, and Adam are trapped in Mexico. They got into the Sanctuary and were able to awaken the force hidden within, but they don't have any way to contact the others—and the Mogs are coming for them in full force. The Garde are stretched thin. Their only shot at saving the world is to eliminate the Mogadorian leader—but his fate is now irrevocably tied with Ella's. They can't destroy one without the other. And if the Garde can't find another way to stop the Mogs, humanity will suffer the same fate as the Loric: annihilation. Michael Bay, director of Transformers, raved: "Number Four is a hero for this generation." This epic young adult series is perfect for fans of action-packed science fiction like The Fifth Wave series by Rick Yancey, The Maze Runner series by James Dashner, and Orson Scott Card's Ender's Game. The battle for Earth's survival wages on. Read the explosive series finale: United as One. And don't miss the first book in the brand new I Am Number Four spin-off series: Generation One.

Customer Reviews

PRAISE FOR THE I AM NUMBER FOUR SERIES: “Number Four is a hero for this generation.” (Michael Bay, director of Transformers) “I Am Number Four is a breathless page-turner of a sci-fi novel. The battle for Earth is on and there’s a new kid in town!” (.com) “There’s genuine suspense|it’s easy to get lost in the world of the sweet teen from another planet.” (Chicago Tribune) “Terrifically propulsive.” (ALA Booklist) “Action-packed.” (Publishers Weekly) “Riveting.” (The Horn Book)

This is the day we’ve been training for. The day we’ve all feared. We’ve spent years fighting the Mogadorians in secret, never letting the world know the truth about our war. But now all of that has changed. Their ships have invaded Earth. If we can’t find a way to stop them now, humans could suffer the same fate as our people: annihilation. I wish I could be with John on the front lines of the battle in New York City, but I am hoping •praying• that the key to our survival lies within the Sanctuary. This is where the Elders always meant for us to go when we came of age. This was their plan for us. There is a power that has been hidden here beneath the earth for generations. A power that could save the world or destroy it. And now we have awoken it. They killed Number One in Malaysia. Number Two in England. Number Three in Kenya. And Number Eight in Florida. I am Number Six •but our numbers don’t matter anymore. Because now we are not the only ones with Legacies. --This text refers to an alternate Paperback edition.

Instead of a review, I'm going to post something I would have found more helpful to those trying to read the entire series in order. I am Number Four (August 3, 2010) Six’s Legacy (July 26, 2011) The Power of Six (August 23, 2011) Nine’s Legacy (February 28, 2012) Eight’s Origin (online only) The Fallen Legacies (July 24, 2012) The Rise of Nine (August 21, 2012) The Search for Sam (December 26, 2012) The Last Days of Lorien (April 9, 2013) The Forgotten Ones (July 23, 2013) The Fall of Five (August 27, 2013) Five’s Legacy (December 23, 2013) Return to Paradise (April 15, 2014) Five’s Betrayal (July 22, 2014) The Revenge of Seven (August 26, 2014) The Fugitive (December 23, 2014) The Navigator (April 21, 2015) The Guard (July 28, 2015) The Fate of Ten (September 1, 2015) Legacies Reborn (November 24, 2015) Last Defense (February 23, 2016) Hunt for the Guard (May 31, 2016) United as One (June 28, 2016)

Been patiently (not so much, more like dieing for Sep. 1 to arrive) and just finished reading it. SUPER. FYI, I picked-up the series from me teenage kids. Thanks LK. Those that don't know, "I Am Number Four" Series is slated to be a 7 book series. So.. One more to go. Thank goodness the great authors give use some nice reads while we wait. Not going into the book itself, just read it, Read the series and the in between short stories. I know some parents are reading to their younger family members and some have complained about a bit of, not for young ears language, rightly so. BUT if you're reading it too them, you can easy change the sentence structure. And if they're a bit older and reading themselves, it's a good possibility it's been heard before. Best read it yourself and decide. I would hate to have a great series like this not enjoyed. I await the last book, impatiently as always. As a final thought, since I suspect the authors read the reviews, please feel free to continue the journey on another planet. Those looking for another great series, checkout "Michael Vey" You'll love it.

Weird structure to this book. It makes you want a prequel. I can't say anymore without spoiling easily the most exciting part of the book. In my opinion, after reading this book, I think this whole series should have been a trilogy. First book: I am Number 4 (basically how it is now, but with a few plot elements created after the publishing of this book, added in, to give it that epic feel). Second Book: Prequel. Third Book: After the events of I am Number 4, all the way to whatever final battle is in store for us in the seventh and last book (All those stupidly annoying plot elements like MogPro wiped out. It would only take the great parts of the other books, have a steady pace, not too fast or slow.) Or, a 5 book series. 1. I am Number 4, 2, 3, 4. Trilogy of all the garde meeting up, and basically all that plot stuff in the previous books. 5. Prequel, the basic purpose of which is to explain the "why?" of this entire series, and Setrakus Ra's purpose. I think this is actually perfect because cutting out two books is the perfect length to remove all the annoying storylines, refine and condense this series to perfection, making every word count.

I really hate to admit that I enjoyed this series. It's definitely made for teenagers and young adults, of which I am neither, but I was recuperating from a winter-long illness and my son bought it for me not knowing what it was. I laughed, thought "oh no", then dug in and even bought the sequels. It's not great literature. It's not flawlessly written, nor does it challenge the intellect. It's more of an action movie wannabe, but there was just enough suspense to keep you wanting to know what happened next. There are some very pedantic, somewhat sophomoric teen romance side stories, lukewarm but probably appropriate for the target audience, and the gargantuan slobbering alien animals were

a bit over the top. Maybe it was the fever, but it was easy, quick and entertaining for a time when I didn't need to be challenged.

I'll admit that of all the books in this great series, the fate of ten kind of took a step back.. with all the reveals and twists, i wouldve thought the story should slow down and give the charcters time to settle down and understand things better, gave sam time figure out his new powers, all that. While also letting the book play out a bit further and longer.. guess im sayin the book shoulda been much longer.. all of them should be, cause its an awesome series. Even though im being critical of this book, it was still worth 5 stars. This is one of my top 3 favorite series', and i hope it doesnt end to soon...

Oh my gosh! Please continue with this series! It is an absolutely awesome series and if there ends up with 20 books total, I will be a happy person. I have had to get this in book form rather than on my Kindle because all my friends want to read them when I finish!

While I agree that the series has begun to stall, and I'm not really looking forward to a year-long wait to hopefully see the final book, I don't agree with some of those that complained specifically about the aspects of this book. I thought the pacing was fine; one or two points where the story dragged but no moreso than any of the other volumes in the series. I could have done without the gratuitous language, but it wasn't as though the book was heavily laced with f-bombs; I counted only a couple of examples of cursing. Unfortunately, the series keeps building and building (and building, and...building...) to this crescendo that has yet to happen. My biggest concern is that, unless the author pulls a major rabbit out of his hat - and does so without making fans wait an entire year - the ending will be so anticlimactic that it will taint the entire series.
