Golf Girl's Little Tartan Book: How To Be True To Your Sex And Get The Most From Your Game

Synopsis

Golf blogger Patricia Hannigan has a driving ambition: to get each of her thousands of female followers to play like a girl. That, she insists, is just the way for a woman to excel at golf; and, every bit as important, to have a lot of fun doing so. A witty and world-wise departure from the vast shelf of oh-so-predictable instructional guides, *Golf Girl's Little Tartan Book* doesn't focus on technique. Instead, it teaches attitude, demonstrating how a gal who's passionate about golf can use her feminine wiles and womanly style to her distinct advantage on the course. From teeing off (don't be coy about using those red tees) to getting teed off (don't be timid about throwing the occasional tantrum), Hannigan entertainingly dispenses advice that's sure to be useful to any woman intent on securing membership in the 'boys' club' called golf.

Book Information

Hardcover: 144 pages

Publisher: Stewart, Tabori and Chang (April 1, 2010)

Language: English

ISBN-10: 1584798297

ISBN-13: 978-1584798293

Customer Reviews

Patricia Hannigan's blog, 'Golf Girl's Diary,' was one of the first golf blogs on the Internet and remains one of the most popular. She has written for *Golf Digest*, *CT Golfer*, and a number of golf lifestyle publications and has appeared on *Inside Edition* and *Good Morning America*. Her PR firm, *Golf Girl Media*, counts top professional golfers, golf courses, and golf apparel designers as clients. Hannigan lives in Danbury, Connecticut.

Since I'm a beginning golfer, this little book was like a breath of fresh air to encourage me. Helped me understand terminology, but more importantly helped me understand it's OK to have fun -it's not

always about being competitive. It helped me to know that it's about not giving up in the beginning but persevering. It's also about not being afraid to be your own feminine self out there. I think female golfers will love it, no matter how expert they are. It would make a great gift for a friend or relative who golfs. Very fun!

I really enjoyed reading this book and it validated how I feel about playing golf with men and in general. I re-read the book aloud to my husband while in the car and it helped me to explain golf from my perspective.

This book is really fun to read! The book doesn't focus too much on the technical aspects of a perfect swing (although there are several tips). Instead, the author writes about confidence, relationships, and having fun. The market is saturated with books that focus on the "perfect swing". It's great to read a book that focuses on actually enjoying the game.

Great book for getting the scoop on golf - stuff the guys aren't sharing. This is an easy read, and is very informative. This has helped me with my game, and I have passed it on to others.

It's kind of like riding around in a cart with a woman who's been playing a while. You get to ask all of the questions that your bf wouldn't know the answers to or would think are silly. It's a fun and quick read.

This is an easy breezy read that flows like a blog post. I was looking for more substance - delightful but not overall very helpful.

I gave this to my wife for Christmas. She loves it. She says it deals with the real issues of women golfers well.

if you're one of those golfers who's more interested in looking cute on the course, with little interest in perfecting your game, then this is the book for you. I understand that a lot of this was meant to be tongue in cheek, and believe me I've had my share of those days when I want to look stylish, but I just couldn't take it seriously. If you've ever been in the position of being the only "girl" in a foursome of the good-old- boys club, this really isn't going to do you any good. If you're interested in taking golf seriously, you should check out 'Even Par' by leslie andrews.
