I am an English teacher, I use these books with my students. The workbooks and the textbooks are

both great.

I help Japanese families learn English that are living in our town for about 5 years as their fathers work in a Japanese auto plant here. This book is very good for working with the adults.

Product as described

Great book for teaching English. It has a nice logical flow with easy to understand illustrations for my students. Fast shipping

I discovered the Side By Side series when I went through the materials left behind by my predecessor at my first ESL teaching job, in Hiroshima 20 years ago. I continue to find this series the most useful for my work. It's kind of random to review this workbook, but this is a chance to give the whole series a big Thumb's-Up. Through its dialogs, it offers a painless way for students to review grammar which they studied long ago. And the workbooks are carefully integrated with the texts.

my mom love it.

Thanks

Used for MIAMI DADE COLLEGE is a friendly book. From 1 To 4
