Game Plan for Life is a great guide to successful living. Joe Gibbs has always been driven, and unwilling to settle for second best. Whatever challenge he's undertaken, he has always delivered championship results. Once again, he's done it at a Super Bowl level. Meet Joe's team There's no question that the game of life is the most important game we'll ever play. It's bigger than any Super Bowl or Cup Championship. Fortunately, God has provided us with the ultimate game plan in the Bible. Now, I know what you're thinking-the Bible is too big to read, too

hard to understand, and too old to be relevant. Well, think again. My goal in writing this book was to show you just how practical and relevant the Bible really is. That's why I went out and recruited the best of the best to help me explain how God's Game Plan applies specifically to you! These are the guys I turn to when I have questions about God, the Bible, and what each has to say about life. I can't think of a better team to help walk you through the greatest playbook for success ever written. Here's the lineup: Randy Alcorn on Heaven Ron Blue on managing your finances Ken Boa on God Chuck Colson on becoming a member of God's team Tony Evans on finding your purpose in life Os Guinness on choosing a successful career Walt Larimore on attaining peak physical and emotional health John Lennox on the origins of life Josh McDowell on the Bible Don Meredith on sex, marriage, and relationships Ravi Zacharias on overcoming sin and addiction Following God's Game Plan has made all the difference in my life. I promise it can do the same for you! Now, let's get started. --This text refers to an out of print or unavailable edition of this title.

Game plan for life by Joe Gibbs. Is an absolute must read! It was given to my husband in November by Interstate Batterys (a vender of our coumpany's). I glanced at it and thought it looked like a great book. My husband rearly reads books, but I told him about it any way (knowing neither of us fallow any sports). He started READING, and interupting me (we work together) 5 or 6 times a day to read parts to me. He finished the book in under 2 weeks, and we gave away 3 copies for christmas. Including our copy to an employee. I am waiting to get it back so I can read it for myself! A friend would like to get 30 copies to give out, but that is out of his budget. This book is a must read for men and women. The book gives great examples, and has a multitude of wisdom. I would give specific examples, but my copy is still loaned out. I NEED TO ASK FOR IT BACK! If I had to wittle my book collection down to just a few books to keep, Game Plan for Life would definatly be high on my list.

I am 67 years old and as I read this book it occurred to me that this would be a great book for a young man to read. So I bought two copies for young men in my family. Mr. Gibbs does a great job of explaining the mistakes he made in his life. But most importantly, he explains how he (an his readers) could have avoided them. I might have avoided some of the mistakes I made earlier in life had I read and followed his "game plan".

Coach Gibbs has put together a great lineup of all-stars to help answer some of the many questions on our mind today. He does a great job showing us how God, our one real coach, has a plan for every facet of his life as well as ours. Then he turns each question over to widely respected and

renowned experts for a more detailed explanation. Here we have a great game plan to help us understand what it means to lead a Godly life and follow Christ in every area of our life.

This is one of the most enjoyable books I've read. With so many contributions from not only the author, Joe Gibbs, but also from Randy Alcorn, Ravi Zacharias, John Lennox, Tony Evans, Chuck Colson, Josh McDowell, Don Meredith, Walt Larimore, Ron Blue, Ken Boa, and Os Guinness. It truly heightened my respect for these very human people. I've shared my enjoyment of this book with all my reading & 'not so much' reading friends. Everyone can gain from what these men have to share. I'm happy to have it in my library, so I can re-read it, and to keep me focused on what 'life' is all about.

My brother, an avid reader, highly recommended this book and I purchased this for my husband as a Christmas gift. He has really enjoyed the straight forward, manly mentoring of the book. I'm looking forward to some positive changes in our relationship and finances very soon :)

The thing I enjoyed the most about this book is that Coach Gibbs is genuine and "makes no bones about" taking advice from others to better his own life. He gives credit where credit is due, to the many individuals who helped him in his journey. So whether you embrace the faith he believes in or not, you can still take from this book some good sound advice on life, creating winning teams, and being a real leader. A really good book for those who work with young people.

Great read. For anyone who is not doing well and wonders if there are answers besides your family, neighbors, coworkers and anyone else with an opinion. This will help you immensely.

great book
