In this *If You Give . . .* series title, giving a dog a donut results in him asking for a glass of apple juice. But when he asks for more juice and there is none, he'll have to make his own. An apple reminds him of a baseball, which leads to a baseball game, and so begins a domino effect of associations until the whole story comes full circle. The peppy, simple narrative is read-aloud friendly, and the cheery cartoonish illustrations depict an animated brown-and-white dog and his indulgent boy companion. Kids will enjoy this entertaining entry in a popular series.

Our daughter loves these "if you give a.." books and has been collecting almost all of them. For her 4th birthday we had a donut party and this had to be a present for the party, especially since the dog in the story looks exactly like our dog. Very cute story and helps kid follow along with a if-then story line.

Such a cute book. Showed up in excellent condition and great packaging. came just as i expected. My little guy loves this book and would deff suggest to anyone

Like these stories but I don't like these covers. Its a plastic wrap/paper cover that surrounds the hard cover book. It keeps falling off the outside cover and easily is getting a "worn" look. I thought the cover was hard plastic and the art was part of that hard plastic/hard cover. The outside of the actual hardcover is just a blank front and back so if we lose the plastic sleeve then you can only identify the book with a small print on the spine (or by opening it of course). Wish I had read the description more closely. The Pig/Pancake and Moose/Muffin books we have are hard plastic with the cover art being part of the actual hard cover. The Mouse/Cookie, Pig/Party, Dog/Donut books we just ordered off were this plastic sleeve. So if it matters to you please read the description carefully and not make the mistake I did.

i love this series... it's really funny and entertaining... my five year old son loves this book and the series...

I love all the "If you give a ____ a ____" books! This one is a gift - I know it will be well read!

Another lovely installment in the "If You Give a...." series. These are my absolute favorite childrens books- I give them as gifts at every baby shower or birthday gifts to little ones. This book features an adorable pup and a delightfully predictable adventure. I love watching the littles learn logic and

reasoning to understand the story.the illustrations are exactly what you hope for from Ms. Bond, as well.Laura Numeroff never disappoints and as always, I hope there is a next book!

There is a whole series of "If you give a" books. They are all cleverly written and funny. My 2 year old daughter loves them and laughs hysterically when I read them. I enjoy reading them too. The pages are vibrant and the illustrations are beautiful. The pages are also durable and thick which I appreciate as a mom of a tot.Overall, this is a beautiful, fun, and durable book that was well written. I recommend it. Check out "If you give a pig a pancake". (same author) That's our favorite book!

Purchased this to read with my son at home while his class was reading it at school.
