Customer Reviews

Awesome story. There is nothing like family love. The way Faith searched for her birth mother was uplifting and so sad at the same time. A most read.

This book was very well written with a little suspense. Faith stayed with her birth mother 's family and grew to love them.

Enjoyed reading the trials and joys this main character goes through. The ending to this series could have gone many different ways, but I enjoyed reading how the author seemed to give a happy ending to all the characters.

The show the relationship of three generations of proud women. This pride tore them apart and can bring them back together. A hard pill to swallow. Cultural differences define the future

The book was well written and i enjoyed reading it very much. I have three adopted grandchildren and so much has been like the story.
