Zollinger's Atlas Of Surgical Operations, Tenth Edition (Surgery)

Synopsis

The classic surgical atlas, more comprehensive than ever! A Doody's Core Title for 2017! For more than half-a-century, Zollinger's Atlas of Surgical Operations has been the gold-standard reference for learning how to perform the most common surgical procedures using safe, well-established techniques. The tenth edition continues this tradition of excellence. The atlas covers gastrointestinal, hepatobiliary, pancreatic, vascular, gynecologic, and additional procedures, including hernia repair, vascular access, breast procedures, sentinel lymph node biopsy, thyroidectomy, and many more. The illustrations in this atlas have withstood the test of time. They allow you to visualize both the anatomy and the operation, making the book useful as a refresher or for learning the steps of a particular procedure. The tenth edition of Zollinger's Atlas of Surgical Operations expands the content to include 19 new operations. Each chapter contains beautifully rendered line drawings with color highlights that depict every important action you must consider while performing the operation. Each chapter also includes consistently formatted coverage of indications, preoperative preparation, anesthesia, position, operative preparation, incision and exposure, procedure, closure, and postoperative care.

Zollinger's Atlas of Surgical Operations, Tenth Edition [View larger](#)

Robert M. Zollinger, Jr., MD is a professor emeritus of surgery at the Case Western Reserve School of Medicine. E. Christopher Ellison, MD is the Robert M. Zollinger Professor of Surgery and Chairman of the Department of Surgery at Ohio State University College of Medicine.

Great illustrations and descriptions

Great book Too big to carry

It is larger than the average book, yet the pages are not full, images are half the size of the page. I like it a lot. It contains nice images (could have been larger) and well written explanations. The delivery time was the fastest I've encountered with so far.

It's an awesome product! Tried it immediately after I received it. The package is so pretty as well! so fast, receive it next day . love it . Satisfied. my brother like it ,
