Mythology 101: From Gods And Goddesses To Monsters And Mortals, Your Guide To Ancient Mythology (Adams 101)

Synopsis

Explore the fascinating myths of Greek and Roman civilizations! The tales of gods and heroes are often turned into tedious discourse that even Ovid would reject. This easy-to-read guide cuts out the boring details, and instead, provides you with a thrilling lesson in classic mythology. From the heights of Mt. Olympus to the depths of the Underworld, this book takes you on an unforgettable journey through all the major myths born in ancient Greece and Rome, such as Achilles's involvement in the Trojan War; Pluto's kidnapping of the beautiful Proserpina; and the slaying of Medusa by Perseus, the heroic demi-god. You'll also learn all about the wonders of the world as well as the greatest creatures ever recorded in history. Like Charon navigating the River of Wailing, *Mythology 101* will guide you through the most glorious (and completely terrifying) tales the ancient world has to offer.

Customer Reviews

This is a great resource, however I was hoping to use it in the classroom and it is written higher than my middle schoolers. Also just an FYI this book is more info not really any stories.

This book is very small compared to what it looked like in the pictures. The information is basic and ok for someone who is wanting to learn some basic stuff about mythology but no more. I am not really that impressed with the amount of information that was presented in this. I guess it would be ok for a middle school child who does not already have the basic knowledge of Mythology.

As a part of the description, it is definitely a crash course. I still use this book to help me do the research that I need to do and to revise my own research when and if need be.

Lots of info.

Was looking for a resource for teaching mythology. The title was a little misleading. It does have information on the gods etc. but is not a course in the teaching sense

I only wish this had more Norse mythology in it, and more mythology from more cultures.

I'm taking mythology class next semester and this book seems very informative.

thanks
