Customer Reviews

My dad bought me this book when I was knee-high to a duck. I was captivated by the really detailed and exquisite pictures throughout the whole book, and I've loved it ever since. There are condensed retellings of New Testament stories, and the author gives the location where the story may be found in your own adult Bible. The real showstopper, however, is the pictures. These fantastic pictures will please adults and children, and the pictures are really what sets this apart from other Bible readers. This was one of my favorite books as a youngster and I am so glad to have found it again. It really is worth getting, to share, or to keep for yourself.

It's a thrill for parents to buy their children their first Bible. How do you choose? The Bible in Pictures for Little Eyes has been a favorite for over four decades, with short illustrated Bible stories written in simple language. Now, The New Bible in Pictures for Little Eyes features entirely updated artwork. This easily portable edition is the perfect interactive way to share the truths of the Bible with the youngest ones in your life. I highly recommend this book for Parents to give to their children!

I used the larger version, The Bible in Pictures for Little Eyes, with my own four children when they were small. It makes Bible stories easy to understand and memorable for the little ones and we

LOVED the book. I now read it to my young grandchildren. My two-year-old grandson loves to keep this book with his favorite toys :)
