Customer Reviews

Nice package and is a helpful learning tool. I would recommend this for BSA Venturing and anyone who wants to learn or maintain skills.

I bought this for my father-in-law for Christmas. As he was an Eagle scout, he absolutely loved tying knots and learning new ones!

Great gift for the adventurers in your life, because who knows when your adventure will require knot-tying skills.

Know Your Knots Kit by Parragon Books is incredibly fun! Even I had a blast with this and learned so many different knots that will come in handy. My nine year old also has so much fun mastering the different knots and loves to show others whenever she has the chance. The ropes are perfect for tying knots and are super durable and should last and last. The instructions are easy to understand and follow and we had very little trouble learning the knots. Know Your Knots Kit by Parragon Books is an awesome way to teach kids how to tie different knots that will surely come in handy down the road! Disclosure: I received product(s) for free, in exchange for my honest review. I only recommend products I've used personally, and believe will be good fit for consumers.
