Good book

This book shows, how to open your spiritual channels. To open your spiritual channels gives you the possibility to communicate with the soul world. As everyone and everything has a soul, you can communicate with your own soul, your family, your loved ones, your pets and others on a soul level, you can even ask the saints, angels, your spiritual mothers and fathers or the Divine for guidance. This will help you in every aspect of your life and make it much deeper, richer and more meaningful. Don't wait and start with reading and practicing.

The author encourages you to communicate with the mind, body and soul of each part or aspect of your body, telling them: "please do a good job" This really don't resonate with me. I was unable to get through the book.

Excellent condition.

when I bought the book, I did not know that I would experience Activations while reading it. That's a real bonus, and I feel it adds to the power of the exercises. My most-appreciated experience is how much my heart has opened...it is so apparent to me that I am quite surprised at how much I have changed just in few hours of practicing over a few days.

Soul Communication by Master Zhi Gang Sha is clearly and simply written. It offers practical pathways for connecting with divine wisdom. It is rare to find a spiritual teacher who openly shares ways to move deeply into what was held as secret teachings for thousands of years. This book will take you further on your spiritual journey. It offers boundless possibilities for all human beings. Sandra Sharpe

While what I read seems very interesting, the reviews were pretty misleading, as they were all for the complete book, not for this short ebook that is basically a preview. It's one chapter, or part of one chapter of the complete book. This short does NOT give you the exact "how-to" of soul communication, but it does give you a sneak peek at what it's about for a fraction of the cost. really should keep separate reviews for the short and complete works.

My book showed up right away ! Safe & sound . Thank you
