The Source Of Miracles: 7 Steps To Transforming Your Life Through The Lord's Prayer

Synopsis

On Easter Sunday 2007 the Los Angeles Times reported that two billion people worldwide - nearly a third of the planet's population - were united by one powerful common denominator: The Lord's Prayer. The Lord's Prayer is now, as it was when Jesus taught it to his disciples, the incorruptible formula for personal and global transformation. Kathleen McGowan tells how she came to discover the prayer's transformative power by learning the secret of the Rose with Six Petals - a mosaic window in the Cathedral of Notre Dame. Each petal represents a different teaching found within The Lord's Prayer and is the map to discovering the real secret of how to have the life you truly desire. The book is divided into seven chapters, each representing a primary teaching related to lines in the prayer: faith, surrender, service, abundance, forgiveness, obstacles, and love. Within each chapter are a series of questions designed to make you dig deep into your heart and soul. Relating her story and using the rose formula, McGowan offers readers a unique blueprint to transform their own lives through the power of The Lord's Prayer.

Customer Reviews

Bestselling author McGowan (The Expected One) calls the Lord's Prayer the most powerful tool for changing your life—and changing the world—that you will likely ever encounter.

McGowan offers a unique perspective by pairing the prayer with the rose with six petals, the middle point of the labyrinth in the floor of Chartres Cathedral. The six petals and the middle coincide with the teaching points of the Lord's Prayer, which McGowan exegetes with depth and personal insight, based in part on the miracle of her son, who was expected to die as an infant but survived. Each

section – faith, surrender, service, abundance, forgiveness, overcoming, love – taps into McGowan's premise that the Lord's Prayer is the source of faith, love and forgiveness and in combination, those things are the source of very real miracles. She draws heavily on the Bible as well as such sources as the gospels of Philip and Mary Magdalene; some may quarrel with her definition of evil as the failing of your own nature. Many readers, however, will discover new depths and dimensions in the age-old Lord's Prayer. (Nov.) Copyright © Reed Business Information, a division of Reed Elsevier Inc. Kathleen McGowan is an internationally published writer whose work has appeared on five continents and in at least fifteen languages. She lives in Los Angeles with her husband and three sons. You can visit her website at www.theexpectedone.com.

This is the first of McGowan's books that I've read that was not published as a work of fiction. This is a powerful tool. I had heard similar instructions before in many ways. This is a remarkable guide for the most important prayer from Jesus, a faithful Jewish Rabbi who became the Master and focus of the Christian religions founded by his disciples. I have studied religions and have great respect for all faiths. I experience the "Lord's Prayer" as a singularly universal tool for discovering wisdom and peace. I have only just begun with this specific tool, but have been working with other variations for years. This is one of the most carefully spelled out and clear of the guides I've seen. I was also excited to learn of many more sources of the labyrinth here in the US.

I don't read much. A book has got to draw me in or I won't bother. This one lured me in, drawing the labyrinth, taking notes and I fully intend to read it over and over again. I barely knew the Lord's Prayer and I certainly didn't know the power it holds when recited properly. Already, my mindset has changed for the better. I have a great deal of hope. This book may have changed my life forever. I'm still new at this but, I am dedicated to it now. If you need some guidance or help in your prayer life and even some guidance on being a better CHRISTIAN, this is the book for you.

As a dedicated, conservative Christian who has been to Bible college, studied the Scriptures and loves to pray and sing God's praises I found Kathleen's approach refreshing. She talks about the same things I would but in a way that is new to me. There is not much she says that I would disagree with, even from my conservative background. This book has challenged me in some

areas, and built on habits and experiences I already have. It has come at just the right time when I was looking for a fresh approach to my faith. I already love The Lord's Prayer but now I pray it daily with meaning. A wonderful modern sung version of The Lord's Prayer is "Hallowed" by Jennifer Knapp. I would recommend this book to anyone. If you are an established follower of Jesus this will give you a new perspective. If you are an enquirer this book will set you off on a true path.

What a great read. Recommended by my minister and this book has changed the way I look at life. Give as gifts to family and friend's and it is well received. Wonderful guide to understanding the power of forgiveness plus the author explains how to learn to forgive in such an effective way. There is so much more to this book, too. Can't recommend this book enough, even to people of all faiths or even those who don't consider themselves religious. A great guide to life. 5 stars!

Wow! I have been on a spiritual journey off and on as many of us have. Kathleen's book and audio was very powerful for us and has transformed our lives! I now say the Lord's prayer with conviction and an understanding that was never there. My prayers now have meaning and from the heart rather than the ego. I have been impressed with many other authors and books in my life (CWG series, Edgar Casey's writings, Eckhart Tolle and many others), but The Source of Miracles has literally been life changing. Thank you Kathleen for being the outspoken conduit needed to get this out there! I have been purchasing these as gifts for those on similar paths looking for answers. God bless you always and in all ways! - Kevin G

We are all on our own path. If your heart is open you will find yours. I hope that we all do. I personally have felt nothing but joy since reading this book. This is not a quick fix and it shouldn't be. We are far more complex than that. I found myself going back & reading the chapters over again. I'm sure I will many times. I spent time with the questions, writing the answers down. I found that to be important in the process.... For me. I guess what I'm saying is that you will get out of it what you put into it. However if it doesn't work for you then don't worry, I'm sure something else will. It's for sure a personal journey. Thank you for reading this. I hope it helped.

The book is highly spiritual and gives great hope in these times of uncertainty

Mc Gowan's books are wonderful.....I have read them all.....this one I keep near my bed.....to re read sections before I go to sleep.....especially after some stressful days.....
