The Grim Grotto (A Series Of Unfortunate Events, Book 11)

Synopsis

NOW A NETFLIX ORIGINAL SERIESWarning: Your day will become very dark— and possibly damp—if you read this book. Plan to spend this spring in hiding. Lemony Snicket is back with the eleventh book in his New York Times bestselling *A Series of Unfortunate Events*. Lemony Snicket's saga about the charming, intelligent and grossly unlucky Baudelaire orphans continues to provoke suspicion and despair in readers the world over. In the eleventh and most alarming volume yet in the bestselling phenomenon *A Series of Unfortunate Events*, the intrepid siblings delve further into the dark mystery surrounding the death of their parents and the baffling VFD organisation.

Age Range: 8 - 12 years

Grade Level: 5 and up

Customer Reviews

It's tough when the things that stand between you and your desired sugar bowl are a host of deadly mushrooms and an uncomfortable diving suit. The unlucky Baudelaire orphans find themselves in deep (once again) in this eleventh book in Lemony Snicket's odd-and-full-of-woe-but-quite-funny *Series of Unfortunate Events*. In The Grim Grotto, the siblings find themselves headed down Stricken Stream on a broken toboggan when they are spotted by the submarine Queequeg, carrying

Captain Widdershins, his somewhat volatile stepdaughter Fiona, and optimistic Phil from Lucky Smells Lumbermill. The adventures that follow as the crew tries to get to the aforementioned sugar bowl before Count Olaf are so horrible that the narrator inserts factual information about the water cycle so that readers will get bored and stop reading the book. It doesn't work. As per usual, readers will want to soak up every awful detail and follow the Baudelaires all the way back to the place we first met them--Briny Beach. (Ages 9 and older) --Karin Snelson

Gr. 4-6. With the movie poised for release and a wealth of promotional materials (including editions of the books with disappointing photos on the covers) already available, it wouldn't do to ignore the latest book in *A Series of Unfortunate Events*. Snicket reconnects with the Baudelaire orphans precisely where he left them, tobogganing down the Stricken Stream, and then sends them down under the waves in a submarine escapade, during which, of course, they encounter the evil Orlof and his cronies. Snicket, who hasn't lost his touch for peculiar, imaginative setups, injects plenty of wry asides and witty vocabulary enrichment. His villains remain deliciously villainous, and the long-suffering Baudelaires still accept struggle without complaint. This time, though, Snicket adds a few characters who don't quite fit the molds, and this is the first book to hint that the unfortunate events that have dogged the kids through 10 previous adventures may be coming to an end. Book the Twelfth will surely provide more clues. Stephanie ZvirinCopyright © American Library Association. All rights reserved

This was the best book in the series thus far. I loved all of the twists and turns. I also loved how the Baudelaire orphans took courage and stood up to Olaf. I was shocked when Captain Widdershins abandoned Fiona and the orphans, and when Fiona joined Olaf's troupe. I was happy Sunny made a quick recovery .

I needed this book to complete the series...I'm very happy to have a complete set.

Another great installment in the series!

Bought to replace missing volume from set I got 11 year old granddaughter. She has stayed engrossed in them.

great reading for my 11 yo 6th grader. she loves this series.

Book the Eleventh in Lemony Snicket's Series of Unfortunate Events, begins with Violet, Klaus and Sunny rushing down the Stricken Stream in a toboggan. Soon they are picked up by the submarine Queequeg, piloted by Captain Widdershins, with his stepdaughter Fiona, and Phil, an old friend from an earlier book, on board. The children are in search of a sugar bowl, which has vanished into a treacherous underwater cave, so small that only the children can enter it. Unfortunately, the cave is filled with poisonous mushrooms and soon the life of one of the Baudelaires is in danger. Just as they are rushing to find an antidote Count Olaf comes aboard the submarine and tries to throw the children in the brig. Will they escape from Count Olaf? Will they get an antidote in time? Where is the sugar bowl? And where did Captain Widdershins and Phil disappear to? Lemony Snicket answers some, but not all of those questions in this delightful entry in the series. As usual the book is filled with quirky characters, including Captain Widdershins and his constant use of the word "Aye" and his motto "He who hesitates is lost", Phil, who sees the bright side of everything, and Fiona, who knows an awful lot about mushrooms. Viola, Klaus and Sunny are all growing up, with Viola and Klaus showing interest in the opposite sex and learning that maybe their parents weren't perfect after all. Sunny is speaking more and more clearly and while it's still fun to try and decipher what she is saying, it's a lot easier than it was in the earlier books. These books are not just for children, as an adult, I really enjoy this series. I really liked this book, but it left a lot of questions that need to be answered in the two books remaining in the series. This book does end on a happier note than any of the previous books, which I found intriguing. I can't wait for the next one!

Who doesn't like Lemony Snicket? I'll just take this moment also to say that everyone should get the audio versions that are narrated by Tim Curry. They are awesome! Tim Curry narrates like no other.

Thanks!
