## Customer Reviews

ADC The Map People Greater Atlanta, Georgia Street Atlas

These comprehensive ADC maps are the best maps I have found for the casual map reader. I am not a map expert, but I love to casually read maps and study current locations. I understand with the advent of GPS units maps seem like a silly investment. I disagree with that notion. I think map reading/studying is an important part of understanding your surroundings. Please ADC, do not stop making these maps.
