The Bedford Reader, Ninth Edition

Synopsis

One of the most widely adopted composition readers of all time, The Bedford Reader continues to engage and inspire students with remarkable selections, outstanding instructional material, and a unique "Writers on Writing" feature in which 50 of the book's writers comment on their process and their work. Thorough coverage of critical reading, effective writing, and working with sources guides students, now more than ever, through their own academic writing. And an exciting visual dimension shows that rhetorical methods apply to both images and text. The Bedford Reader is a favorite of students for the Kennedys' clarity and wit, of instructors for the flexible and realistic view of the rhetorical methods, and of both for the superior selections and perceptive commentaries by writers worth reading. --This text refers to an out of print or unavailable edition of this title.

I feel very hurt by this "seller." they never answered emails. I'm still wondering if they are intentionally preying on people. It is not cool! They are very aware that these books are for students and lots of us don't always have the resources to buy the new books. Meanwhile I wait on this book, the class moves on. Totally hurting me! I am very hurt and frustrated now. Thanks! It is just unreasonable that it would take 4 weeks to ship 1 book! I refuse to believe that "they are SO busy". Even the U.S. Post Office is not that busy! Has anyone shipped anything in the post office? It is actually pretty fast!

I bought this book for myself while I was in college. It contains many great stories that you are sure to love, I still read this book every now and then. I would highly recommend this book.

College Text

I had only placed this order because one of my high school teachers accused me of having not turned in a book, that I had never actually received. I know he said I hadn't turned in the book to keep me from graduating, and having been in his class for only three days, and his improper documentation of my book number; my assistant principal suggested instead of paying \$45 for the book brand new, I order one off of . The order was JUST in time for my graduation, and was in excellent condition. I walked with my class and was able to shove that one right up my teachers a**.

Good

This is exactly what I needed for my class. Beyond that, I cannot say whether or not this is a good book. I suppose it depends on if you like textbooks. However, as far as textbooks are concerned, the way this one is written is engaging and entertaining. Well done to the writers/editors/publishers.

I took an english class and this helped me out when I took it.

Not very nice but there's a sense
