One of the most popular authors of all time, V.C. Andrews has been a bestselling phenomenon since the publication of *Flowers in the Attic*, first in the renowned Dollanganger family series which includes *Petals on the Wind*, *If There Be Thorns*, *Seeds of Yesterday*, and *Garden of Shadows*. The family saga continues with *Christopher & Cass' Diary: Secrets of Foxworth*, *Christopher & Cass' Diary: Echoes of Dollanganger*, and *Secret Brother*. V.C. Andrews has written more than seventy novels, which have sold more than 106 million copies worldwide and been translated into twenty-five foreign languages. If you like caricatures, this combination novel is entertaining. While it is not a book of the month, if you rather enjoy a satire on gothic romance, complete with many of the gothic characteristics--a curse or sinister element, indefinite time and place, character mark, character persecution, character transformation, and contrast in light and dark references--then this novel will awaken all the wrong ways to present an eerie tale and actually make you laugh at the attempts of V.C.

Andrews and her ghostwriters to take you to the edge of believability. The books have had a resurgence since the remade movie starring Ellyn Burstyn came out in January of 2014, but those who would really get a charge out of this book are primarily middle school girls.

I remember being very intrigued with the Flowers in the Attic movie that came out in the late 80s, and wanted to read the book someday. Well, someday came and I did. Then I found out there was a series! I bought the entire series and read it over the course of a year. Books 3 and 4 were a snooze-fest, but overall, it's an ok fiction read (with some questionable adult themes).

I read Flowers In The Attic back in the 70's when it was published and I got goose bumps because some of what was written seemed so eerily familiar. From what I can remember when I was a toddler, I think I was one of those kids in this book which is a 'fictionalized account of real events'. I and my 3 siblings (older sister, older brother, and younger brother) were sent to the Methodist Children's Home in Richmond, VA in the early-mid 50's after living with our grandparents.

This is one of my all time favorite books. A riveting and intense story that pulled me in. The book itself is also designed very well. It includes the first two books in the series. It is twisted and suspenseful, emotional and well-written. I look forward to ordering the next in the series!

good books I love to read.

Love, Love, Love these books! I have been wanting to re-read this series for YEARS (since I was a teenager). And I'm so glad I decided to buy this. It doesn't matter to me if its used or not, the words are still the same. Keeps me riveted to the pages every single night when I read it. Can't wait to get the next three books in the series after I am finished reading this. GREAT, GREAT book!

I really enjoyed these two books. It isn't great literature by any means, but if you are looking for a quick read and entertaining story, this is the book for you. I am looking forward to reading more of this series.

I have never read anything from VC. Andrews that I didn't like. My all time favorite author, My daughter and I both love her books. Many books after we read them get given away , or sold, but we both agree, our collection of these books stay with us.
