Caldwell is one of Maine's premier writers.

It is just a beautiful book and brings back many memories of the coast of Maine where I lived for many years, and still go back and wonder why I did leave.

I was busily photographing a beautiful sunset while perched on a rocky ledge at Pemaquid Point on the coast of Maine, not paying much attention to anyone around me. A voice said something like "stay right there". That evening, I learned from our workshop leader that it was Galen Rowell, but the name meant nothing to me at the time. Some time later, maybe a year or two, I received a copy of this book with the silhouetted image of me photographing the sunset. Needless to say, the name quickly took on new meaning to me.

Not only does this book contain some incredibly well composed and technically stunning photos of the soul of Maine, they are are complimented by poignant and insightful quotes giving "mindsight" views of the psyche of Maine. I found only two minor flaws - it otherwise does a much better job of representing Maine as much more than just "a rock-bound (Southern) coast" than any book of the same genre that I can recall!
