The Souls Of Black Folk (Coterie Classics With Free Audiobook)

Synopsis

The Souls of Black Folk by W.E.B. DuBois from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. “Herein lies the tragedy of the age: not that men are poor, • all men know something of poverty; not that men are wicked, • who is good? not that men are ignorant, • what is Truth? Nay, but that men know so little of men.” W.E.B. Du Bois, The Souls of Black Folk

The Souls of Black Folk is an elegant treatise on the nature of humanity and race relations in the United States of America.

Customer Reviews

This one should be a must read to all who really care about race relations in America - now it's more relevant than ever. At the low price, everyone can afford it. It would really help us all to understand who the people are that we tend to lump together and stereotype. Highly recommended!

Not only does this book have historical and cultural significance, but at the Kindle price it is a must-have for my digital library!

The classic has not lost its power more than a century later, and anyone trying to make sense of the economics and politics of race in America in this new century could do a lot worse than starting here.

Tear down everything you think about our history right after the civil war as well as the mistreatment of an entire race. This was an amazing book and great for discussion. Many of the issues he discusses are still prevalent today.

A true masterpiece. It may be redundant and verbose, but when you consider the era along with this mans accomplishments, the fact this was published at all speaks to an amazing tribute to a great mind.

We had to read for Lit II class. While I love history, and the story of W.E.B Du Bois is fascinating, his style of writing is a little bit harder to interpret so not as fun reading it. However, I would recommend the book if you love true history.

This is a book about about Black people in America from slave times through the time of the author and should be read by all Americans. A great addition to any school history curriculum.

It was a great book. A book that should be required reading in schools, from elementary, to high school. Like all good books I had to read it twice to make sure I did not miss one single thing.
