Rich Dad's Before You Quit Your Job: 10 Real-Life Lessons Every Entrepreneur Should Know About Building A Multimillion-Dollar Business

Synopsis

Before You Quit Your Job: Do you have a million-dollar idea? Are you afraid of failing? Are you fed up with making other people rich? Are you sick of taking orders from your boss? Are you tired of working hard and not getting ahead? Are you ready to go out on your own? Then this audiobook is for you! In *Before You Quit Your Job* Robert shares his successes, but more importantly, he shares his failures and the lessons he has learned from them. This audiobook will give you a jump-start to becoming a successful entrepreneur. Robert Kiyosaki has been an entrepreneur since he was 9 years old. You may be familiar with some of his million-dollar products: Nylon surfer wallet, Runner's shoe, pocket, Developing merchandise for rock bands, Rich Dad Poor Dad, CASHFLOW, 101 the board game.

Customer Reviews

It is hard to challenge certain truisms. Either you are musical or you are not. Artistic or not. A born entrepreneur or not. Here, the author challenges that last statement. He clearly affirms that anyone CAN be an entrepreneur, but he then spells out the all-important "BUT"s. But you must become at least competent at a core set of skills or don't even go into business. If you can't sell, you MUST take some readily available steps to learn it. There are no short-cuts here. But there is plentiful clear-cut advice. I had already been self-employed for seven years when I started reading. Within a very few chapters, I learned what aspects of my business were stalled and how I could break

free. One thing has led to another and I now enjoy tackling the necessary challenges. Every day has brought new achievements. Like the "Rich Dad" who mentored him, Mr. Kiyosaki has become a no-nonsense source of advice for people who want to do more than just yearn for a career in business. If you want a cheerleader, DO NOT look here. If you want a fantastic coach, suit up and play.

All the tools and tips prior to your leap and building your parachute. -BI Triangle-Importance of your mission-Do's and Don't's+ Ton of Valuable Content

You can't go wrong with Robert Kiyosaki. I wish I would have read this one before I quit my job! This is a must read if you are even thinking of quitting your job to start a business. He tells like it is, honest and straight forward. A must read!

As always when I read a book by Robert I'm renewed with more ideas and dedication for the process. Great inspiration for anyone wanting to take the step to being an entrepreneur

Looking forward to quitting my job. This gives good "between the lines" guidance that makes it practical. I highly recommend all read this "Before You Quit Your Job"!#salute

This is a great read. As a want-to-be entrepreneur this book asked me the why, how, when questions and then went about putting the reality checks in place. Reading about Robert's journey and the ups and downs of entrepreneurship was both scary and exciting. Entrepreneurship is where I want to go but I'm going there with 'eyes wide open' thanks to Robert's book.

Great book for motivating entrepreneurs, especially those like me who are deciding whether to start a company or stay in one.

Like most of the books in this series, there's tons of motivational talk, and not as much practical advice (or at least, it's the same advice over and over and over again). Still, it is a good read and adds some insight to the original Rich Dad Poor Dad book. Of all the books I've read (I have not read all of them, though), I suggest reading that original and this one.
