My Little Pony: The Movie Prequel

Synopsis

My Little Pony finally heads to the big screen! But before your favorite ponies grace theaters with their latest adventures, they have to get there first... and that's a whole other story! Learn about the powerful new danger facing Equestria, and new characters from the film like the Storm King, Captain Celaeno and the Pirates, Capper of Abyssinia, and Tempest of Equestria in this graphic novel that leads right into My Little Pony: The Movie!

Customer Reviews

Andy Price is a freelance illustrator, and works in most mediums. A graduate of the Joe Kubert School, Andy is known for his pencil and ink work on IDW Publishing's My Little Pony: Friendship is Magic series of comic books. He has also done work from comics to trading cards to toy designs to whatever comes along, for companies including BOOM! Studios, Archie Comics, DC Comics, Marvel Comics, Rittenhouse Archives, Innovation, LEGO. He lives in Atlanta, Georgia, where he makes steak & Guinness pie for his wife Alice, and is slave to cats. He also celebrates Batman's and James T. Kirk's birthdays.

I got this for my 8 yr old and we were a little disappointed it did not have any of the My Little Ponies in it. That being said, she finished the book in 2 days so it must have kept her interest enough.

Chummer is a throwaway character just for the comics (just like Strife and apparently also the Misfortune Malakite) which is sad because so far they are the most developed and interesting parts of these movie prequels so far. I want a movie about these characters instead of the ones who are actually going to be in the movie. Also, the anthropomorphic nude cats are too much for my tastes. I wish the movie didn't have to pander to the furry fandom but I wish the comics gave these guys more clothes. It is too distracting and uncomfortable. At least put them on all fours so that audiences don't focus on their under parts.

Terrible, ordered this book to read about My Little Ponies and that is not what it is about. It is a comic style book about pirates and villains, not the ponies from My Little Ponies series. There are 2 pictures of the ponies in the book, they are not part of the story though. Quite disappointing and an inaccurate description.
