Customer Reviews

358 page paperback edition of The Koran Interpreted.

I'd recommend this translation only if you have one of the standard English translations - Dawood (my personal favorite), Shakir, Pickthal - because you're going to be searching for some of the more well known ayat (verses). For some reason, Arberry chose to number some of his verses differently, making it nearly useless if you use the Tafsirs for amplification. If you're discussing Islam with others, you'll need a standard of reference, and Arberry doesn't provide that. You'll need to sit with a Qur'an numbered in a common standard, make notes in the margins of your Arberry, then you can compare the verbiage of the translations. I don't regret buying this translation, but I don't recommend it because of its awkward and difficult navigation.

I don't believe the Koran is a Divine revelation. I just need to know why I believe it is not a Divine revelation.
