Voices Of Freedom: A Documentary History, Vol. 1, 2nd Edition

Synopsis

Edited by Eric Foner and coordinated with each chapter of the text, this companion to Give Me Liberty! includes 139 primary-source documents touching on the theme of American freedom. The freedom theme is explored in the words of well-known historical figures and ordinary Americans. Each document is accompanied by an introductory headnote and study questions.

Customer Reviews

Eric Foner is the preeminent historian of his generation, highly respected by historians of every stripe—whether they specialize in political history or social history. His books have won the top awards in the profession, and he has been president of both major history organizations: the American Historical Association and the Organization of American Historians. He has worked on every detail of Give Me Liberty!, which displays all of his trademark strengths as a scholar, teacher, and writer. A specialist on the Civil War/Reconstruction period, he regularly teaches the nineteenth-century survey at Columbia University, where he is DeWitt Clinton Professor of History. In 2011, Foner's *The Fiery Trial: Abraham Lincoln and American Slavery* won the Pulitzer Prize in History, the Bancroft Prize, and the Lincoln Prize.

Excellent to have for college history class

This was an excellent source of history from letters, essays, journal entries and other forms of

personal communication written from some of the greatest historical figures of our time. From Fredrick Douglas to jailhouse interviews of Nat Turner, this book portrays historical events from a personal and not a textbook perspective. At first I didn't understand the necessity of this book that goes along with the textbook, "Give Me Liberty" but after taking the class, I realized the importance of this book in that it compliments the textbook by giving it a personal touch. An excellent read. Highly recommended!

\$\$\$\$\$

great condition

This book is a good source of historical documents; however, it not needed for U.S. History courses unless the instructor requires it. I bought this to supplement the many papers I wrote, but I rarely used it and depended on library books instead.

This textbook, by Foner is now required for quite a few history classes in the states, but t also seems to offer a more complete view of U.S. History than we students are used to. Even if you're buying this cause it's required, if you enjoy history, you'll find this book insightful and interesting.

Good book.

Recieved in pleanty of time before they even said it would arrive, perfect condition, and will continue to use this buyer if needed!
